

TRITON XLS SCREWDRIVERS

Large soft grip tri-lobe handle for exceptional comfort and high torque turns.

Handle injection molded directly to blade

Giving the ultimate bond for increased reliability and durability.

Anti roll flats to prevent the screwdriver rolling off uneven surfaces.

Toughened alloy steel blade for excellent durability.

Precision machined tip to reduce the risk of tip breakage.

Color coded handles and tip type marking for easy Identification.

Chrome plated blades avoid corrosion.

Magnetic tip holds the screw securely to the tip to ease positioning and setting.
