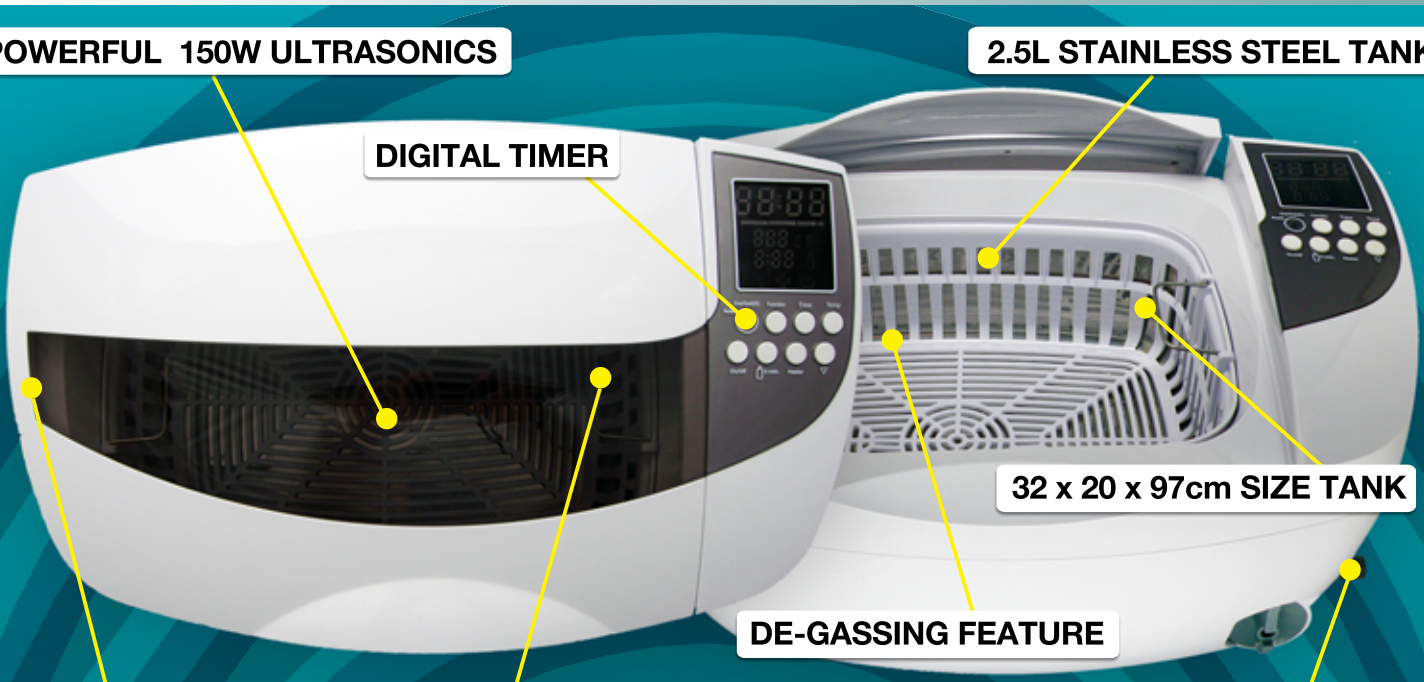
James Products Limited

ULTRA 8060D-H

ULTRASONIC CLEANING MADE SIMPLE

THE ONE THAT'S GOT THE LOT!



WHY BUY?

Introducing our new Ultra-8060D-H where we have decided to include just about every option and feature you could ever want out of an ultrasonic cleaner as well as the JPL quiet operation technology.
With the Heater, JPL quiet operation technology, Digital timer, Powerful 150W Ultrasonic, de-gas function (de-gassing helps remove the oxygen from the fluid making smaller bubbles which in turn means more powerful cleaning) and built in drain tap.
All you have to decide is if the tank size is large enough for your needs? If it's not do not worry as we have both larger and smaller machines in our range (see www.jpleurope.co.uk) from 2L to 6L tank sizes with the similar features to the Ultra-8060D-H so we think we have your Ultrasonic cleaner needs completely covered.

INCLUDED ACCESSORIES:

Drainage Hose

Small Items Basket
