

S 650 Plus

The S 650 is a sweeper with a sweeping width of 650 mm, two side brushes and grabber tongs – for thorough cleaning right up to the edges. Ideal for areas of 40 m² or larger. With a 16-litre waste container.

1 Two side brushes (S 650)

- Greater flexibility with two side brushes. The long bristles ensure thorough cleaning even on edges.

3 Space-saving storage

- With its fold-down push handle, the sweeper can be stored upright, thus taking up very little space.

2 No contact for dirt pick-up

- Dirt can be collected hygienically thanks to the removable waste container and additional trash picker (S 650 Plus).

4 Gripping tongs with fastening on the push handle

- Pick up garbage from the kerb or from hedges and flower beds hygienically and without bending over.

S 650 Plus

- 2 side brushes and 1 trash picker
- Convenient, stand-alone waste container
- Adjustable push handle with comfortable grip
