

CDP5EB DRILL PRESS

Product Overview:

This general purpose, five speed bench drill is ideal for the hobby or DIY user.

With a 13mm capacity chuck, compact dimensions and a whole host of other useful features, the CDP5EB is ideally suited for the home workshop. It also has a depth gauge and a height adjustable tilting table with slots to clamp your work piece.. For safety there's a clear Perspex chuck guard and a No Voltage Release switch, so it can't start unexpectedly should mains power fail temporarily (allowing insurance company approval for use in educational establishments) and it comes fitted with a 13amp plug. A front mounted reference chart has an accurate depth measurement scale which also shows the 5 drilling speeds available.
