- Kraftform Comfort screwdriver set
- Handle markings simplify finding and sorting of tools
- Hexagonal anti-roll feature against rolling away
- Black Point tip for enhanced corrosion protection and an exact fit
- Ergonomic Kraftform handle for fast and pleasant working

High quality Kraftform Comfort screwdriver set with circular blades. Multi-component Kraftform handle for fast and low-fatigue working. The Wera Black Point tip and a complex hardening process ensure a long service life of the tip, enhanced corrosion protection and an exact fit. The hexagonal anti-roll feature prevents any bothersome rolling away at the workplace. Handle markings for simplified finding and sorting of the tools.

Kraftform Comfort Handle

The ergonomic introduction to convenient screwdriving. Handle with Kraftform geometry and blade made from power bit material with Black Point tip for precise fit.

The multi-component Kraftform handle for quick and low-exertion working.

Identification marking

The screw symbol and tip size identification markings on the handle make it easier to find the right screwdriver in the tool case or at the workplace.

Identification marking

The screw symbol and tip size identification markings on the handle make it easier to find the right screwdriver in the tool case or at the workplace.

Identification marking

The screw symbol and tip size identification markings on the handle make it easier to find the right screwdriver in the tool case or at the workplace.

Non-roll feature

The hexagonal non-roll feature prevents any rolling away at the workplace.

Longer product service life

The bit material used for manufacturing is subjected to a specific Wera hardening process, and this ensures longer product service life.

Wera Black Point tip

The Wera Black Point tip and a refined hardening process ensure long service life of the tip, improved corrosion protection and an exact fit.
