

Compact, reliable 1300VA battery back-up UPS with 4 surge-protected power outlets and Smartlink port

Key features

- ✓ Ensures temporary battery power when the main power goes out, to let you save important data and prevent damage to your computer
- ✓ Compact 1300VA UPS with built-in battery, with enough power for a PC or small server
- ✓ Protects your computer against voltage peaks and drops, by providing stable 230V output voltage (AVR)
- ✓ 4 IEC power sockets to connect your computer, monitor and other peripherals
- ✓ Surge protected outputs to prevent damage from power surges, spikes and fluctuations
- ✓ Extra reliability for connected devices thanks to RFI filter, surge protection, AVR function and modem/fax/phone protection
- ✓ SmartLink connection via USB for automatic shutdown and notification; software included
- ✓ Clear optical and acoustic indicators for power outage and low battery warning
- ✓ Overload and short circuit protection to keep your hardware safe
- ✓ LCD display to show current status
- ✓ Sturdy metal housing
- ✓ 2 IEC power cables included
- ✓ Extended warranty of € 20.000,- on connected equipment*
- ✓ * check conditions on trust.com
