

Anti-Vandal Switch

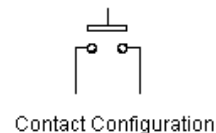

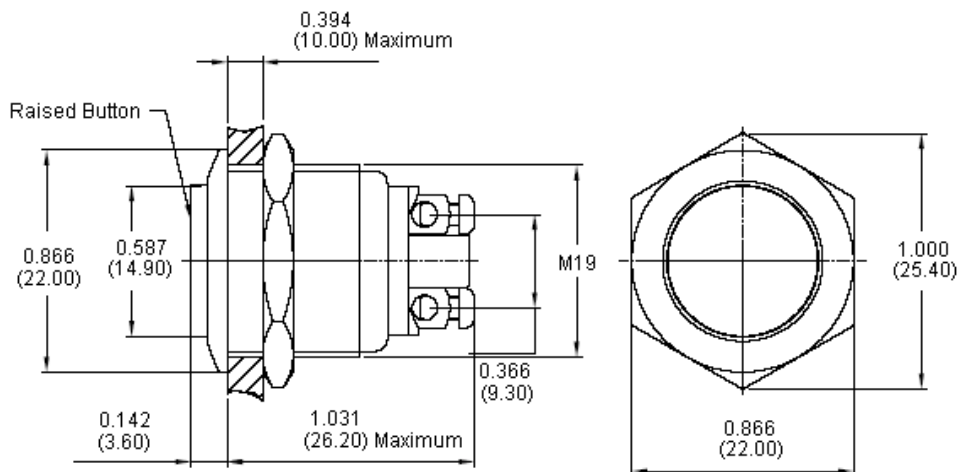

Specifications:

Contact Rating	: 2A at 36V DC
Electrical Life	: 2,00,000 cycles
Max. Contact Resistance	: 50mΩ (initial)
Min. Insulation Resistance	: 1,000MΩ at 500V DC
Dielectric Strength	: 2,000V rms 50 to 60Hz
Operating Temperature	: -20°C to +55°C
Switching Circuit	: Off-MOM
IP Class	: IP65 protection
Max. Torque	: 5 to 14Nm applied to nut
Max. Operating Force	: 4N

Materials:

Contact	: Silver alloy
Nut	: Nickel plated brass
Base	: PBT
Bushing and Button Material	: Stainless Steel with Varnished Polished

Dimensions : Millimetres (Inches)

Part Number Table

Description	Part Number
Switch, Anti-Vandal, Off-MOM, Raised	AV01-B22-M1-R-IP65
