

# Control Thermostat Adjustable

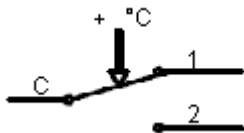

Switching Point with Thermostat at Temperature = 20 °C

Dimensions : Millimetres

# Control Thermostat Adjustable

## Wiring Diagram

## Specifications:

|                                  |                      |
|----------------------------------|----------------------|
| Temperature Range                | : 0 : 86 ±3°C        |
| Temperature Differential         | : $\Delta t$ 4 ±1 K  |
| Maximum Body Temperature         | : T 85°C             |
| Maximum Blub Temperature         | : 150°C              |
| Minimum Capillary Bending Radius | : 5 mm               |
| Contacts Rating                  | : 15 (2.5) A / 250 V |

## Part Number Table

| Description        | Part Number          |
|--------------------|----------------------|
| Thermostat, 0/90°C | 540010/556301/556501 |
